MY PROJECTS

Portfolio app (MERN PROJECT)

- Technologies Used: MongoDB, Express.js, React.js, Node.js (MERN Stack)
- Developed a dynamic and responsive app to showcase my projects, skills, and experiences.

Restaurant food app (MERN PROJECT)

- Developed a restaurant food app using the MERN stack, enabling users to browse menus, place orders, and track deliveries. Created a responsive, user-friendly interface with a robust server and database to manage user data, orders, and restaurant details efficiently.

Hotstar Clone (UI PROJECT)

- Designed and developed a Hotstar clone focusing on the user interface using React.js and CSS. Created a responsive, visually appealing layout that mimics Hotstar's navigation and content browsing experience, showcasing skills in front-end development and UI design.
